## RELOCATION SERVICES

When contacting us for the first time we thoroughly discuss your needs and your visions with the help of check lists. We then fix the parameters for your relocation package which may include:

- All services related to a basic relocation package
- Further services related to a broader relocation package
- Further specialized services aimed at solving more complex relocation issues including real estate acquisition and long term counselling and care, leading eventually to the possibility of establishing a Family Office, Foundation, Trust, or a similar type of organization.

### Fees

Regarding our fee structure we believe in transparency.

We provide several service modules with fixed fees for various relocation packages depending on the complexity of each case. These modules are available for relocation packages covering the needs of Individuals, Families or whole Groups and Teams.

Relocation issues concerning Companies, Trusts and similar structures, as well as Wealth and Asset relocations will be handled by our in-house experts.
